Summary

UI/UX Designer with a **Computer Science** background and **Frontend Development** experience, passionate about creating **user-centered** and **responsive digital experiences**. Skilled in **UX Research**, **Wireframing**, **User Flows**, **Prototyping**, and **Visual Design** using **Figma**. Experienced in leveraging **AI tools** to streamline design workflows and applying **Design Thinking** to solve real user problems through intuitive interfaces.

Technical Skills

UX Design: UX Research, User Personas, Empathy Mapping, User Flows, Process Flows, Storyboarding, Information Architecture, Site Mapping, Wireframing, Prototyping, Interaction Design, Usability Testing

UI Design: Visual Design, Responsive Web Design, Mobile App Design, Typography, Color Theory, Design Systems, Accessibility, User Interface Design

Tools: Figma, FigJam, Adobe Photoshop, Adobe Illustrator, Notion

Technical: HTML5, CSS3, JavaScript (ES6+), React.js, Git, GitHub

Experience

Capturous Infotech

Mar 2026 – May 2026

Frontend Developer Intern

Nagpur, Maharashtra

- Designed and developed the **end-to-end user interface** for an **Astrology Consultation Platform**, transforming product requirements into intuitive and responsive user experiences.
- Defined the product's **visual language**, including **typography**, **color palette**, **layout structure**, and reusable UI patterns to maintain design consistency.
- Translated **wireframes** and design concepts into **pixel-perfect React interfaces**, ensuring consistency across desktop and mobile devices.
- Designed intuitive **user flows** for consultation booking, authentication, and service discovery while prioritizing usability and accessibility.
- Collaborated closely with backend developers to integrate application features while ensuring a seamless and user-friendly interface.
- Improved the overall user experience by maintaining responsive layouts, reusable UI components, and consistent interaction patterns throughout the product.

Projects

PhonePe Balance Snapshot Feature | UX Case Study

Jun 2026

Case Study | Prototype

- Identified a **transaction clarity issue** where users struggled to understand their updated account balance after successful payments.
- Conducted **competitive analysis**, user observation, and problem identification to validate the opportunity for a better post-payment experience.
- Designed complete **user flows**, **information architecture**, **wireframes**, and **high-fidelity UI screens** using **Figma**.
- Introduced a **Balance Snapshot** feature that instantly displays previous balance, updated balance, and transaction amount after every successful payment.
- Built an **interactive prototype** to demonstrate the complete user journey and validate the proposed solution through realistic user interactions.

Education

Jhulelal Institute of Technology

Nov 2023 – Jun 2026

Bachelor of Technology in Computer Science & Engineering

Nagpur, Maharashtra

Sindhi Hindi Jr. College

Apr 2021 – Feb 2022

Higher Secondary (12th) — **81%**

Nagpur, Maharashtra

Sindhi Hindi High School

Feb 2019 – Mar 2020

Higher Secondary (10th) — **76%**

Nagpur, Maharashtra
